MEMBERSHIP

As of this month, membership fees to the Super-8 Group have risen. The cost of joining is now \$15 (or \$10 concession), which is still quite reasonable compared to other groups.

We feel this rise is justified because we can now (with funding) offer more for your money, like access to equipment, etc.

Membership renewal notices have been sent to quite a few people in the last week. If you are one of these people, then this newsletter will be the last you receive until you renew.

Even though we are now a funded group, monies received from membership are still necessary, especially in the administrative area.
